

Achievement Group

مجموعة إنجاز

Integrated Solutions. Trusted Partnerships.

A business group serving Libya and the region

Achievement Group brings together five companies working in energy, security, logistics, food trading and transportation, from offices in Tripoli, Benghazi and Dubai.

The group is made up of five companies. Enjaz Al Qimma Oil Services works on oil and gas facilities. Expertise Consultancy Libya (EC) provides security, safety and operational support. Maria for Shipping & Food Trading ships and trades food. Achievement Car Rental rents standard and armoured vehicles. Expertise Consultancy DMCC gives management and commercial advice from Dubai.

Each company runs its own field of work. The group connects them, so a client who needs more than one service, for example site work, security and vehicles for the same project, can reach all of them through one contact.

The group serves energy companies, international organisations and NGOs, diplomatic missions, contractors and industry. Its head office is in Tripoli, with a branch office in Benghazi and a representative office in Dubai.

A business group

Achievement Group is a business group of five companies. Each company keeps its own name and its own field of work, and each is a member of Achievement Group. Clients can work with one company or with several.

Achievement FZCO

Achievement Group operates under Achievement FZCO, United Arab Emirates.

Vision

Clients working in Libya and the region find, in one group, the field services, security, logistics and transport their work depends on, delivered to one standard.

Mission

We provide each service through a company that specialises in it, keep our people and our clients' people safe, keep to what we agree, and report plainly on progress and problems.

What we hold to

Safety first

Work starts only when the risks are understood and controlled, for our people, our clients and the places we work in.

Our word

We keep to the scope, timing and terms we agree. If something changes, the client hears it from us first.

Respect

Staff, clients and local communities are treated fairly, and human rights are respected in every assignment.

Plain reporting

Progress, problems and risks are reported clearly and on time.

Quality

Work is done to the standards and codes that apply, and checked before it is handed over.

Sectors we serve

The five companies serve clients in four sectors, in Libya and the wider region.

Energy and oil & gas

Oilfield engineering, construction and maintenance, with security and logistics for operators and service companies.

International organisations and NGOs

Security, logistics, accommodation and vehicles for humanitarian and development organisations working in Libya.

Diplomatic missions

Guarding, secure transport, local liaison and life support for missions and their staff.

Contractors and industry

Site work, heavy equipment, transport of equipment and materials, and vehicles for contractors and industrial projects.

One group, five companies

Each company has its own field of work. Together they form Achievement Group.

Enjaz Al Qimma
OIL SERVICES

Enjaz Al Qimma Oil Services

إنجاز القمة للخدمات النفطية

■ A member of Achievement Group

Engineering, procurement, construction and maintenance for oil and gas facilities, with our own workshops, heavy equipment and field crews.

Services

- Oilfield services
- Maintenance and operations
- Technical services and logistics support
- Supply of equipment and oilfield materials

Enjaz Al Qimma Oil Services provides engineering, procurement, construction and maintenance (EPCM) for oil and gas facilities, upstream, midstream and downstream. Its clients are government bodies and oil companies.

The work is organised in four divisions: Engineering, Procurement, Construction and Logistics. The company runs its own mechanical fabrication workshops and its own fleet of heavy equipment, and its crews work at remote desert sites.

Expertise Consultancy Libya (EC)

الخبرة الليبية للأمن والسلامة

Since 2016

■ A member of Achievement Group

Security, safety, risk management and operational support in Libya, for energy companies and international organisations.

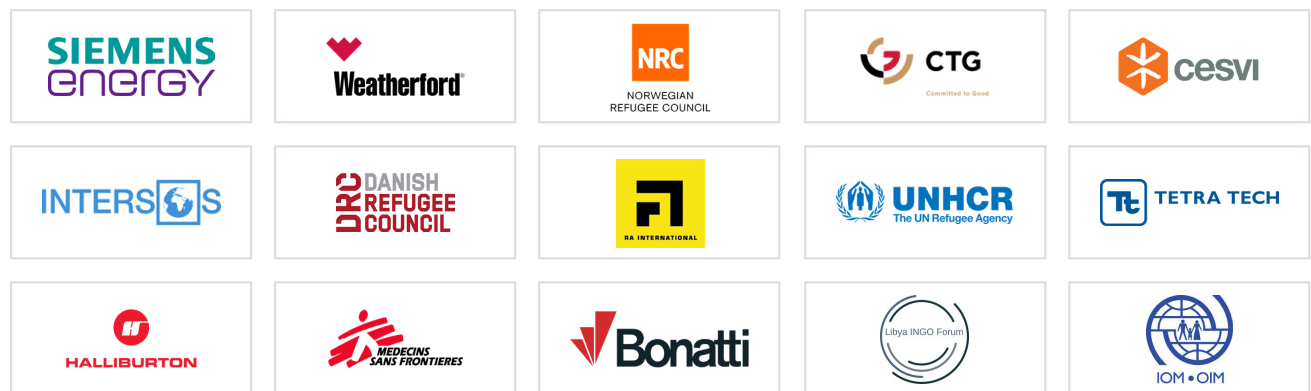

Services

- Security and guarding
- Safety and risk management
- Operational and logistics support
- Consulting and training

Expertise Consultancy Libya (EC) was founded in August 2016. It helps energy companies and international organisations work in Libya: it protects their people and sites, plans and supports their movements, houses them and handles the local formalities around their operation.

EC combines guarding and mobile security with local liaison, logistics and life support, so one provider can cover the whole operation. EC is a certified member of the International Code of Conduct Association (ICoCA) and publishes its policies on conduct and human rights.
