

Expertise Consultancy Libya (EC)

الخبرة الليبية للأمن والسلامة

Since 2016

■ A member of Achievement Group

Security, safety, risk management and operational support in Libya, for energy companies and international organisations.

Since 2016

Expertise Consultancy Libya (EC) was founded in August 2016. It helps energy companies and international organisations work in Libya: it protects their people and sites, plans and supports their movements, houses them and handles the local formalities around their operation.

EC combines guarding and mobile security with local liaison, logistics and life support, so one provider can cover the whole operation. EC is a certified member of the International Code of Conduct Association (ICoCA) and publishes its policies on conduct and human rights.

Services

Security and guarding

Static guarding, mobile security teams and executive protection for sites, offices and people.

Safety and risk management

Risk assessments, security surveys, crisis and evacuation planning, and incident reporting.

Operational and logistics support

Liaison, transport, visas and customs, accommodation, catering and life support.

Consulting and training

Market-entry and operational advice, and training for EC staff and client staff.

Sectors the group serves

Energy and oil & gas

Oilfield engineering, construction and maintenance, with security and logistics for operators and service companies.

International organisations and NGOs

Security, logistics, accommodation and vehicles for humanitarian and development organisations working in Libya.

Diplomatic missions

Guarding, secure transport, local liaison and life support for missions and their staff.

Contractors and industry

Site work, heavy equipment, transport of equipment and materials, and vehicles for contractors and industrial projects.

Address

Al Serraj, Tripoli, Libya

On the ground

Operational support

Teams and planning that keep a client's people and work moving safely.

Mobile and static support teams

Guarding teams, mobile security teams with armoured vehicles or low-profile mobility, and executive protection.

Embedded liaison coordinators

Local staff placed inside the client's operation, who coordinate movements, site access and contact with Libyan authorities.

Operational risk management

Crisis planning, site and security surveys, security plans, risk assessments and route planning.

Tracking, journey management and site security

Tracking of people, vehicles and assets, journey management, communications, CCTV and access control.

Business support

Help for organisations starting or running work in Libya.

Strategic entry support

Needs assessment, market-entry risk assessment, an entry roadmap, liaison with regulators, meeting coordination and due diligence.

Advisory services

Political, operational and cultural advice for risk management and business continuity, supported by country intelligence and incident reporting.

Logistics management

Turnkey logistics: air and sea freight coordination, customs clearance, visa processing, vehicle hire and transport, from drivers to cargo.

Life support

Housing, care and emergency arrangements for client staff in Libya.

Full accommodation support

Secure housing and offices, catering and on-ground support, including a compound in Tripoli.

Emergency medical care

From routine care to urgent response, including medical evacuation (medevac).

Emergency coordination

Evacuation support, contingency planning and crisis communication.

Training

EC's training department trains EC staff and client staff. New employees join the training programme when they start, and every member of staff has access to the modules.

Security awareness in a fragile environment (SAFE)

How to work and move safely where the security situation can change quickly.

Basic fire and safety

Fire prevention and basic safety at work.

Basic first aid

First response to injuries until medical help arrives.

Defensive driving

Safe driving for staff who drive people, equipment and cargo.

Armoured vehicle handling

Driving and handling armoured vehicles.

Team management

Running guard and support teams.

Operations liaison officer programme

A tailored programme for liaison officers who coordinate movements, site access and contact with authorities.

Hostile environment awareness training (HEAT)

Awareness training for staff working in hostile environments, including kidnap-and-ransom scenarios.

English, administrative, computer and communication skills

Courses that help staff become multi-skilled.

Conduct, vetting and policies

How EC selects its staff and governs its security work.

ICoCA certified membership

EC is a certified member of the International Code of Conduct Association (ICoCA), announced in January 2026.

Staff vetting

Every candidate completes the company's application form, a face-to-face interview, document screening and background screening.

Labour law and insurance

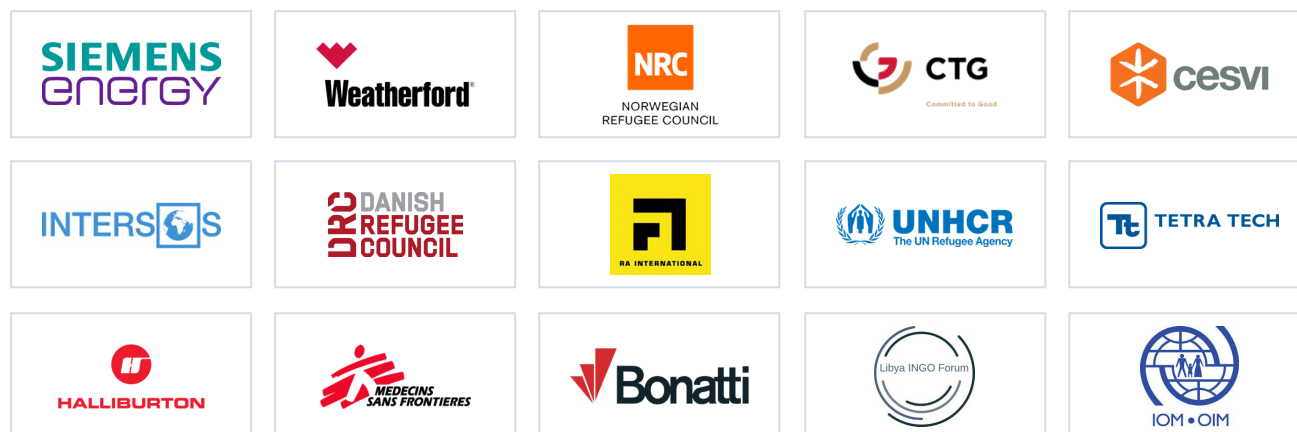

EC follows Libyan labour, social security and tax law, and every role carries insurance cover suited to it.

Policies

Statement of conformance, grievance, whistleblower, security operations and human rights.

Clients

Clients of Expertise Consultancy Libya (EC), the work EC carried out for them and where.

Siemens Energy

Support for long-term projects (LTP). For Siemens Branch Libya (SBL): staff tracking and vehicle tracking.
